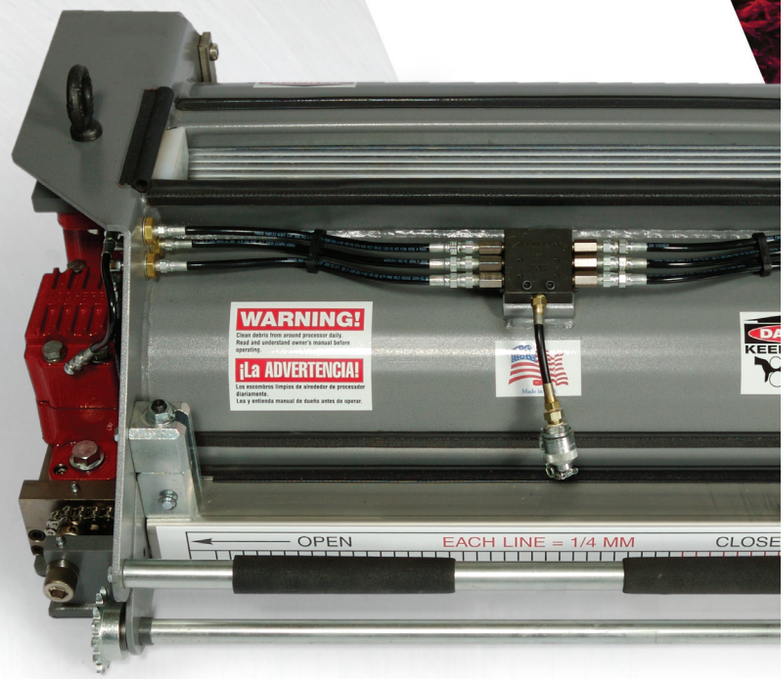
HD KERNEL PROCESSOR

Scherer has the processor custom harvesters & nutritionists demand for increasing gain & bottom line. Improve your KP score with exceptional processing of kernels and cobs. The HD will handle all desired crop lengths. HD was one of the first processors to the market in 2002, and set the benchmark of kernel processing.

- Developed to optimize the higher outputs of 491, 492, 493 machines
- Hinge-open frame for serviceability
- 8" Diameter Rolls
- Pneumatic belt tensioning upgrade optional
- Available in saw-tooth or Twin Cut corrugations
- Oil bath bearing
- 1-15/16" (50mm)
- All roll shafts are replaceable
- Heat treated & hardened chrome plated
- 85 - 110 tooth combination
- Rolls dynamically balanced
- Custom roll corrugations available upon request



HD FITS FOLLOWING HARVESTERS:

- 491 series machines, 820-880 models
- 492 series machines, 830-900 models
- 493 series machines, 830-900 models
