NORTH AMERICAN IMPORTER FOR KEMPER

kemper

KEMPER 460PRO, 475PRO & 490PRO Corn Heads

Built for clean crop flow, uptime, and confidence in tough conditions.

When harvest windows get tight, your header must keep up. Kemper 400PRO Series corn heads are built for operators who need reliable feeding, clean cutting, and smooth crop flow through changing field conditions.

Why Customers Choose KEMPER

1. **Handles changing field conditions**

   Row-independent harvesting and high-speed mowing rotors support clean cutting across the working width, even in difficult crops.

2. **Keeps crop moving smoothly**

   Transverse feeding drums consolidate the crop for even feeding toward the cutterhead.

3. **Built for uptime and value**

   Robust construction, resistant materials, and low maintenance needs help protect your investment.

4. **Ready for the road**

   All three models fold for transport — 9.8 ft (3.00 m) wide, or 10.8 ft (3.30 m) on the 475PRO

Model Comparison

Specification	460PRO	475PRO	490PRO
Working width	19.7 ft. (6.00 m)	24.6 ft. (7.50 m)	29.5 ft. (9.00 m)
Transport width	9.8 ft. (3.00 m)	10.8 ft. (3.30 m)	9.8 ft. (3.00 m)
Overall width	19.7 ft. (6.00 m)	24.8 ft. (7.55 m)	29.6 ft. (9.02 m)
Length	8.5 ft. (2.60 m)	9.1 ft. (2.78 m)	8.9 ft. (2.70 m)
Height (folded)	9.5 ft. (2.90 m)	12.0 ft. (3.65 m)	8.7 ft. (2.65 m)
Weight	6,393 lbs. (2,900 kg)	7,937 lbs. (3,600 kg)	9,590 lbs. (4,350 kg)

Specifications per KEMPER 400PRO Series data.
